

# MERCED IRWM INFORMATIONAL WORKSHOP

**PURPOSE:** The purpose of this workshop is to offer an opportunity for Merced County residents to learn about private wells, how the Merced Integrated Regional Water Management Authority (MIRWMA) is working to understand these impacts, and share available services that can help with someone facing impacts to their household well. Benefits from joining this workshop include: learning about the Merced IRWM program, what's being done to support water supply in the county, and the opportunities there are to collaborate with water agencies to share your water needs.

**Aims:** The aim of this workshop is to increase your knowledge of the Integrated Regional Water Management Program, how Merced County is working to support the water needs across the county, and how you can help this group learn more about the water needs of private well owners.

**Date:** January 13, 2022

**Time:** 5:30PM

**Scan QR Code to join!**

**Call in number: (253) 215-8782; 334943#**
